

BATERÍAS Y COLECTORES

MANIFOLDS AND WATER BATTERIES

Amplia gama de baterías tanto en PPR como en PE-100 con los sistemas de pletina y roscado. Gran capacidad de fabricación de colectores a medida para todo tipo de aplicaciones tales como; cabezales de riego, grupos de presión, climatización, calderas, etc...

Wide range of PP-R and PE-100 manifolds with platten or screw system. Great manufacturing capacity of customized manifolds for all kind of applications, such as irrigation heads, pressure groups, air conditioning, heating boilers, etc ...
